

So how does it work?

You can register your interest by phone or by in filling

an application on line.

Once your application comes to me at Embrace, I will

call to arrange a home visit to talk more about the project.

The next steps are to find a buddy using person centred

tools for example similar age, interests and the area you live.

Once a buddy is found arrangements are made for you and your

buddy to meet in a place comfortable to all and supported by myself.

Before attending any of the matches I will pass yours and the

buddy's names onto Norma at the Ticketing office at the DW.

Then it time to go to the match with your friend.
